Address Ha Dong, Ha Noi

Overview

Frontend-focused Software Engineer with nearly 3 years of experience building and maintaining web, mobile, and backend-integrated applications. Strong hands-on experience with React.js, Angular, Next.js, TypeScript, JavaScript, HTML/CSS, REST/GraphQL APIs, automated testing, code review, refactoring, and production support. Experienced in translating detailed requirements into reliable, reusable features, collaborating across frontend/backend/QA, and supporting release quality in Agile teams

Work experience

01/2024 - Present

Remote Fullstack Developer — EZOM Mateship Logistics Pty Ltd

Enterprise logistics platform covering OMS, WMS, TMS and DMS

- Develop and maintain reusable frontend features in **React.js** and **React Native**, integrated with Node.js, GraphQL and PostgreSQL services.
- Translate business requirements and detailed designs into application features; coordinate with backend and QA to validate behavior, edge cases and release readiness.
- Integrated Xero, Shopify, JDL, BlueStar, BorderExpress, 4PX, Allied Express, AML, Bonds and XFM through external APIs and service workflows.
- Perform code reviews, refactoring and regression-focused validation to improve maintainability, consistency and production reliability.
- Support releases and production incidents by investigating issues, identifying root causes, implementing fixes/workarounds and communicating technical findings clearly

6/2024 – Current

Frontend Developer / Scrum Facilitator — Sanan Corporation

Education technology ecosystem across web and mobile products

- Own frontend implementation across **Angular**, **React Native** and TypeScript applications, including responsive UI, permissions and feature-based access control.
- Participate in code review and release validation, and support post-release issue handling across web/mobile products.
- **Guide frontend team members** through implementation discussions and code reviews to improve code quality, consistency and maintainability.

Education

9/2021 - 3/2026

Thuy Loi University

Major - Information Technology

GPA - 3.14/4

Skills

Frontend React.js, Angular, Next.js, React Native, TypeScript

State & UI	Redux Toolkit, React Query, Zustand, TailwindCSS, Ant Design, MUI
Testing	Jest, Playwright, Gauge
Tools	Git, GitHub, GitLab, Figma, Postman, Firebase
Backend	Express.js, NestJS, REST API, GraphQL

Projects

Knoxt.io

Project Management SaaS

Website	http://knoxt.io.vn
Github	https://github.com/ngoc2003/knoxt
Descriptions	A full-stack SaaS platform that helps freelancers manage clients, collaborative projects, Kanban tasks, documentation, and structured project knowledge in one workspace
Number of members	1
Main Features	• Client CRM and project management • Role-based access control and member invitations • Drag-and-drop Kanban board • Hierarchical notes with rich-text editing and secure sharing • Project Memory for decisions, meetings, requirements, and action items • Notifications, automated testing, and production CI/CD
Technology in use	React, TypeScript, Vite, Apollo Client, GraphQL, Tailwind CSS, Material UI, NestJS, Prisma, PostgreSQL, Turborepo, pnpm, Docker, Nginx, GitHub Actions

Ballot

Survey and Voting Platform

Website	https://ballot-self.vercel.app/
Github	https://github.com/ngoc2003/ballot
Descriptions	A full-stack survey and voting platform for building conditional question workflows, collecting anonymous responses through room codes, and analyzing or exporting results
Number of members	1
Main Features	• Drag-and-drop survey workflow builder • Conditional question routing and multiple question types • Anonymous participation through room codes • Scheduled surveys and live voting sessions • Progress saving and duplicate-submission prevention • Results dashboard with Excel, CSV, and JSON exports
Technology in use	Next.js, React, TypeScript, Prisma, PostgreSQL, Redis, Vitest, pnpm Workspace

Activity

11/2021 - 11/2024	Member of the Executive Committee of the Student Union of Thuy Loi University
09/2021 - 2/2025	Vice President of Student Informatic Club (SIC)
03/2022 - 06/2022	Member of VietNam English Development Organization (VED)
